

I live in Australia

*I live in Australia
It's a lovely place
And out of our atmosphere
Were surrounded by space.*

*I'll tell you about my life here
It is so great
I live in a town
Even inside a state
There are so many animals
Some big and some small
There are even some
That are very, very tall*

*I cant keep reading this poem
I need to stop soon
Because otherwise
This sheet of paper will make it to the moon*

*I'm feeling super sad
I might even cry
I have to stop now though
So now I'm saying goodbye*
