

## Heroes and Villains

As the villain and the hero meet,  
The villain rises to his feet.  
The hero has a dashing smile,  
And the villain he just looks vile.

The villain stares the hero down,  
The hero suddenly turns around.  
He runs down the mysterious road,  
To the bunker with the uncrackable code.

The hero and the villain fight for a while,  
And the hero starts running for a mile.  
He stumbles up a rocky hill,  
And the villain catches up with a thrill.

As the villain looks like he's going to win,  
The hero gives him a big mysterious grin.  
The villain looks at him in surprise,  
The hero gives him his laser eyes.
